

Dear Pupils of Struensee Gemeinschafts Schule

Satrup

How are you? Here in Tanzania we are doing well. We are studying hard in order to improve our lives. We say thank you for your support, kindness and love for us. We also thank you for the money you send for us, because without you guys we could not continue with our studies.

We are so proud of you guys for your help. We wish you a merry Christmas and a happy new year 2015.

lots of love from
